

Day of Caring Program

**WE BELIEVE THAT...
EVERYONE NEEDS HELP
AND EVERYONE CAN OFFER HELP.**

Our role as the United Way is to work as co-ordinator: matching hosts with teams and facilitating their joint efforts to make the day a success for everyone.

“Employees are always up for a challenge. Each year we see an increase in volunteers, and we’re always looking for new and exciting projects”
Melanee Framp

Why is it Important?

Days of Caring Projects are important because they save our agencies money on labour costs. This allows them to spend more resources on their essential programs and services. Participation in a Day of Caring mobilizes local businesses and their employees to complete meaningful hands-on projects throughout our community. They provide great team-building opportunities among employees.

For more information about projects, deadlines and guidelines please contact our office.

What are the Benefits?

- Increased team-building/communication
- Enhanced reputation in our community
- Inspired/ energized employees
- Increased community knowledge - creating exposure to our agencies
